

National workshop on

Dasa Naadi: Clinical and Scientific Exploration

VNBCD-2012 Series II

“Varma Naadi Based Clinical Diagnosis”

July 26 and 27, 2012

Venue at: ICSR building, Auditorium, IIT Madras.

Organized by

Varmaniam Foundation, Kanyakumari

and

Touchlab

Biomedical Engineering Group

Department of Applied Mechanics

IIT Madras, Chennai — 600 036, INDIA

DASA NAADI is the part of 96 Siddha fundamental principles. The knowledge of Dasa Naadi is the need of hour in present times, as it is critical in understanding siddha physiology, pathology, diagnosis and treatment of diseases. Though varmam therapy is standing as a precious therapeutic method in disease management, Dasa Naadi paves the way for apt selection and application of varma point manipulation and thokkanam techniques.

The objective of this two day workshop is to emphasize on the detailed knowledge of Dasa Naadi.

The workshop will introduce Dasa Naadi and its detailed pathways, relation to other basic principles, clinical significance, clinical case studies, and scientific validation. Various biomedical instruments will be used to demonstrate a number of concepts introduced in the workshop. The workshop will also include release of an animation software for the **Dasa Naadi Atlas**, first time in the history of Indian medicine.

The workshop consists of a set of lecture notes, companion CD and lab demonstrations. These notes are the efforts of the faculty / experts who have spent their valuable time.

Who can attend: This workshop is aimed at researchers and students pursuing Indian Medicine and faculty from colleges pursuing research in Siddha and Ayurveda. Biomedical engineering researchers are also encouraged to attend.

Enrollment will be restricted to 150 participants only on first come first serve basis. At the end of the workshop, participants will be provided a certificate for attending.

The registration fee is **Rs.750/-** for **U.G. Students**, **Rs.1250/-** for **P.G. Students**, **Rs.2000/-** for **others**. This fee is payable in advance by demand draft drawn in favour of **“The Convenor, VNBCD-2012, IIT Madras”**, payable at Chennai and should be mailed to **“The convenor, vnbcd-2012, MSB-207, Department of Applied Mechanics, IIT Madras, CHENNAI-600036”**, before **July 16,2012**. For further details and queries please contact: ivrf@iitm.ac.in, Organizers at +919865004499, +917373186303, or visit <http://ivrf.iitm.ac.in>.

Email registration is acceptable, but the registration will be confirmed only after the receipt of DD.
